

# The Big BIM Guide

**S**upplier participation in building information modeling (BIM) libraries continues to grow by leaps and bounds as more architecture firms begin adopting the technology. Here USGlass has a list of the commercial glass industry companies participating in the BIM libraries created by Autodesk Seek and Sweet's Network.

Bold listings denote advertisers in this issue. For questions or additions to next year's list, e-mail [mheadley@glass.com](mailto:mheadley@glass.com).
